I. BASIS OF ASSESSMENT OF MEMBER STATES' CONTRIBUTIONS TO UNMIH FOR THE PERIOD 23 MARCH 1994 TO 30 JUNE 1994

A. Period from 23 March 1994 to 30 June 1994

1. By resolution 905 (1994) of 23 March 1994, the Security Council decided to extend the mandate of the United Nations Mission in Haiti (UNMIH) until 30 June 1994. By resolution 48/246 of 5 April 1994, the General Assembly decided, "to appropriate to the Special Account for UNMIH, in accordance with the oral recommendation of the Advisory Committee, the total amount of 143,700 United States dollars gross (138,100 dollars net), for the operation for the period from 23 March 1994 to 30 June 1994". It further decided that there should be set off against the apportionment among Member States their respective share in the Tax Equalization Fund of the estimated staff assessment income of 5,600 dollars for the period from 23 March 1994 to 30 June 1994.

2. The amount so authorized by the General Assembly was apportioned among Member States in accordance with the provisions laid out in section I.B below and is shown in section IV below.

B. Apportionment of the costs of peace-keeping operations

3. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Force (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that were not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

4. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

5. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

6. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peace-keeping operations financed through assessed contributions, including UNMIH. However, the composition of the four groups of Member States has changed repeatedly since 1973 as a result of the admission of 52 new Member States, including 6 new Member States in 1993, and the decisions contained in the various General

Assembly resolutions, the latest of which is resolution 43/232 of 1 March 1989, as adjusted by resolutions 44/192 B of 21 December 1989, 45/269 of 27 August 1991, 46/198 A of 20 December 1991, 47/218 of 23 December 1992 and General Assembly decision 48/472 of 23 December 1993. The percentage shares shown in section IV below demonstrate the results of the application of the scheme, using the scale of assessments for the period 1992-1994, adopted by General Assembly resolution 46/221 A of 20 December 1991 and adjusted in accordance with General Assembly decision 47/456 of 23 December 1992 and resolution 48/223 A of 23 December 1993.

1. By its resolution 48/248 of 5 April 1994, the General Assembly decided to appropriate to the special account referred to in General Assembly decision 48/479 of 23 December 1993 an amount of 45,326,700 United States dollars gross (45,317,600 dollars net), inclusive of the amount of 4.6 million dollars previously authorized by the Advisory Committee on Administrative and Budgetary Questions, authorized and apportioned in accordance with General Assembly decision 48/479 for the maintenance of the Assistance Mission for the period from 5 October 1993 to 4 April 1994. The Assembly also decided to authorize the Secretary-General to enter into commitments at a monthly rate not to exceed 9,082,600 dollars gross (8,881,000 dollars net) per month for the period from 5 April to 31 October 1994, in connection with the maintenance of the Assistance Mission, subject to the decision of the Security Council to extend the mandate of the Assistance Mission beyond 4 April 1994. The difference between the gross and net amounts is the result of income from staff assessment (201,600 dollars per month). By its resolution 909 (1994) of 5 April 1994, the Security Council decided to extend the mandate of the United Nations Assistance Mission for Rwanda (UNAMIR) until 29 July 1994. Consequently, the amount to be apportioned among Member States for the period 5 April to 29 July 1994 is 34,513,880 dollars gross (33,747,800 dollars net). The Assembly further decided in its resolution 48/248 that there should be set off against the assessments on Member States for the maintenance of the Assistance Mission beyond 4 April 1994 an amount of 5,293,300 dollars gross (5,160,400 dollars net), representing the balance of the apportionment made in accordance with Assembly decision 48/479.

2. The amount so authorized by the General Assembly was apportioned among Member States in accordance with the provisions set out in section I.B below and is shown in section IV below.

B. Apportionment of the costs of peace-keeping operations

3. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Force (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that were not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

4. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would

pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

5. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

6. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peace-keeping operations financed through assessed contributions, including UNAMIR. However, the composition of the four groups of Member States has changed repeatedly since 1973 as a result of the admission of 52 new Member States, including 6 new Member States in 1993, and the decisions contained in the various General Assembly resolutions, the latest of which is resolution 43/232 of 1 March 1989, as adjusted by resolutions 44/192 B of 21 December 1989, 45/269 of 27 August 1991, 46/198 A of 20 December 1991, 47/218 of 23 December 1992 and Assembly decision 48/472 of 23 December 1993. The percentage shares shown in section IV below demonstrate the results of the application of the scheme, using the scale of assessments for the period 1992-1994, adopted by the Assembly in its resolution 46/221 A of 20 December 1991 and adjusted in accordance with Assembly decision 47/456 of 23 December 1992 and resolution 48/223 A of 23 December 1993.

I. BASIS OF ASSESSMENT OF MEMBER STATES' CONTRIBUTIONS TO THE UNITED NATIONS OBSERVER MISSION UGANDA-RWANDA (UNOMUR) FOR THE PERIOD 22 JUNE TO 21 DECEMBER 1993

A. Period from 22 June to 21 December 1993

1. By its resolution 846 (1993) of 22 June 1993, the Security Council established a United Nations Observer Mission Uganda-Rwanda (UNOMUR) for an initial period of six months, until 21 December 1993. By its resolution 48/245 of 5 April 1994, the General Assembly decided to appropriate to the Special Account for the United Nations Assistance Mission for Rwanda (UNAMIR) a total amount of 3,642,300 United States dollars gross (3,557,400 dollars net) for the operation of the Observer Mission for the period from 22 June to 21 December 1993.* It further decided that there should be set off against the apportionment among Member States their respective share in the Tax Equalization Fund of the estimated staff assessment income of 84,900 dollars for the period from 22 June to 21 December 1993.

2. The amount so authorized by the General Assembly was apportioned among Member States in accordance with the provisions laid out in section I.B below and is shown in section IV below.

B. Apportionment of the costs of peace-keeping operations

3. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Force (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that were not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

4. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

---

* The General Assembly by resolution 48/245 also decided that the special accounts for UNOMUR and UNAMIR should be integrated for purely administrative purposes.

5. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

6. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peace-keeping operations financed through assessed contributions, including UNOMUR. However, the composition of the four groups of Member States has changed repeatedly since 1973 as a result of the admission of 52 new Member States, including 6 new Member States in 1993, and the decisions contained in the various General Assembly resolutions, the latest of which is resolution 43/232 of 1 March 1989, as adjusted by resolutions 44/192 B of 21 December 1989, 45/269 of 27 August 1991, 46/198 A of 20 December 1991, 47/218 of 23 December 1992 and Assembly decision 48/472 of 23 December 1993. The percentage shares shown in section IV below demonstrate the results of the application of the scheme, using the scale of assessments for the period 1992-1994, adopted by the General Assembly in its resolution 46/221 A of 20 December 1991 and adjusted in accordance with General Assembly decision 47/456 of 23 December 1992 and resolution 48/223 A of 23 December 1993.
